About Positively Arts Foundation

Positively Arts Foundation (PAF) is a 501c3 non-profit foundation dedicated to using the arts to EMPOWER, INSPIRE, and to HEAL. EMPOWER by creating positive performance arts opportunities for students despite their financial need or accessibility to the arts. PAF gives them the chance to shine, gain confidence, and feel proud of their accomplishments onstage. We encourage creating art for art's sake alone, not for fame or accolades. We INSPIRE by bridging the gap between the aspiring artist and the professional artist. Get Launched Vegas directly pairs students with headliners and exemplifies our mission of mentorship, inspiration, and collaboration. And finally, we HEAL through our anti-bullying school tours and our overall anti-bullying message. We believe in creating a safe and supportive environment for our students. For example, in our Broadway Dreamers performing arts school, instead of getting a prize at the end of the day for the best singer or best dancer, we give out a Showmanship Award to those students who showed the best love, support, and respect within class that day. Also, the kids are encouraged to write "Happy Notes" to one another every day, writing something positive and encouraging to their fellow students. Only in this environment can students truly feel free vulnerable enough to express themselves artistically and to the fullest of their abilities. <http://pafgive.org/>
